

Application No. 10/542,572  
Attorney Docket No. 09875.0001-00

**REMARKS**

**I. Status of the Claims**

Claims 47-94 are pending. No claims have been amended by this response.

**II. Summary of Interview**

In the teleconference between Applicants' undersigned representative and the Examiner on November 2, 2006, the Examiner indicated that the claims would be allowable if a Terminal Disclaimer was filed to obviate the double patenting rejection of claims 47-94 over U.S. Patent No. 6,824,870.

**III. Double Patenting Rejection**

The Examiner has rejected claims 47-94 under the judicially-created doctrine of obviousness-type double patenting as allegedly unpatentable over claims 1-48 of U.S. Patent No. 6,824,870 to Castellani et al. ("Castellani") for the reasons disclosed on pages 3-4 of the Office Action.

Although Applicants disagree with this rejection, they submit herewith a Terminal Disclaimer to render the rejections moot. Accordingly, Applicants respectfully request withdrawal of the rejection.

**IV. Conclusion**

In view of the foregoing remarks, Applicants respectfully request reconsideration of this application and the timely allowance of the pending claims. Please grant any
